Re: WSPSA Membership

Dear Past, Present, and Future Members:

As a member, your voice truly counts. We want to hear from you. Be the voice of your district, county, or locality. With an organization, there is strength in numbers. The bigger we are, the more powerful we become.

Over the past 30 years, the WSPSA has effectuated change within our industry such as the trespass defense statute. The association continues to do exciting and important things for 2016. Currently, we are researching ways to overturn the passing of two local bills considered deleterious to our industry. We are also planning a themed annual conference with fundraising events and activities. In addition, we are considering educational seminars that would benefit all members.

Thank you for your interest in the WSPSA. Your involvement in the organization is very important to us. Without its members, we would have no association. We need you more than ever. As a fellow member, you can participate in defending our rights against adverse legislation.

Sincerely,

Chris Ulin, President
